**Freelancer**

Having 8+ years of experience in iOS app development using Swift language with the latest version. I have worked with the below stuff.

- Integrating Webview with advanced stuff like
  - Injecting Javascript to web page from Webview
  - Managing 2 way handshake
- Cloud platforms like Firebase and AWS.
- Knowledge of SwiftUI and Combine Framework.
- JSON parsing, XML parsing, CSV Parsing
- UI/UX designing for iPhone & iPad both.
- Rest Api calling, Google and Apple Map
- Audio & Video calling through libraries like Twilio.
- One to One and group Chat with Twilio, Socket.io, Web Sockets.
- Payment gateway like Stripe.

## APPS DEVELOPED

### ● **Learn Spanish Words - Rápido [SwiftUI]**

Rápido, the ultimate Spanish language-learning app..
